## DECORATION OF GRAVES AND ARMISTICE SERVICE — SUNDAY

Canadian Legion, I. O. O. F. and Other Organizations Will Hold Annual Parade To Soldiers' Plot In Queen's Lawn — Service In Romy Theatre.

The annual dedication and memorial service, in commemoration of Our Heroes who fell in action or who have passed away since returning from the war, will be held in the Romy theatre on Sunday afternoon, Armistice Day, November 11th, at four o'clock.

This service is held under the auspices of Lincoln Loyalist Chapter, I.O.O.F. and West Lincoln branch 127, Canadian Legion. Maj. Herman Rogers, M.C. of St. Catharines, recently returned from a long period overseas, will be chairman of the service and will be assisted by Rev. Bernard A. O'Donnell, Rev. E. A. Brooks, Rev. W. J. Watt and Rev. R. C. Standenwick.

Proceeding the service the Canadian Legion and other organizations will parade to Queen's Lawn cemetery where the annual Legion Armistice service and decoration of graves of soldiers who have passed on, will be held.

This parade will fall in at The Independent office at 2:30 p.m. and all veterans and members of the other marching bodies are requested to be on time.

All citizens are cordially invited to attend both services.

"They are not dead except when we forget them and fail them by forgetting that for which they died."

## Street Lights Being Broken

Damage Committed In Both Town And Township — Prosecution Will Follow Apprehension.

Municipal officials of both Grimsby and North Grimsby are again experiencing trouble with the street lights, caused by the depredations of young boys.

In the town several street globes and light bulbs have been broken recently and on No. 8 Highway west seven large lights in a row were broken on one night last week.

These globes and bulbs are expensive and it is the intention of the authorities to prosecute, not only the boys, if caught, but the parents.

About two years ago Chief Turner apprehended two young lads who had smashed several lights and the parents were made to pay the damages or stand prosecution. This is what will happen again.

Township Council Making Contact With Engineer Wood To Have Survey Made — Temporary Protection Constructed At Pump House — High Lake Level Proving Mystery To Meteorological Experts — Piers Must Be Constructed At Once.

Men whose job it is to watch the level of Lake Ontario admit they're baffled to-day because Lake Ontario is rising when every law in the nautical book says it should be going down. The lake is behaving very unnaturally this year, and to-day's measurement shows the water to be 247 feet, seven and three-quarters inches above sea level. The lake according to the Dominion Meteorological Bureau, is 2.2 feet higher to-day than the normal October level. It should be dropping at the rate of three and a half inches a month. Instead it is five inches higher than last month. It has been suggested that it's due to the excessive rainfall. Since September 1st we have had five inches in excess of the normal combined September-October total. Lake Ontario's all-time high came in June last year when the level rose past 240 feet.

There is no doubt that rainfall has had something to do with the rising of the lake level but there are also other factors that enter into the picture. The diversion of great quantities of water in Northern Ontario by the development of Hydro electric projects has without a doubt had a great bearing on the lake levels.

The tremendous destruction being done along Lake Ontario from Toronto to the Niagara river is not alone due to the rising of the lake level. For years past the northeast storms have become more frequent and more violent in (Continued on page 3)

## Poppy Fund Needs Your Support

Legion Members Will Sell Red Poppies On Saturday — Fund Assists Veterans Of Both Wars.

Citizens of Grimsby and North Grimsby will have an opportunity on Saturday to assist the local Poppy Fund by purchasing the red Poppy which will be offered for sale by members of the Canadian Legion.

This Poppy Fund is a separate fund from the regular Legion funds and is used to assist veterans and their families in their time of trouble.

This year the amount raised will be used not only for the veterans of the First Great War, but to assist the fighting men of the second conflict and their families.

When you buy a Poppy you are only showing your appreciation in a small way of the men and women who have fought your battles. Buy a Poppy Saturday.

## Lions Donate To Hospital Fund

Make Grant Of \$100 To Start Off Campaign Which Opens On November 19th.

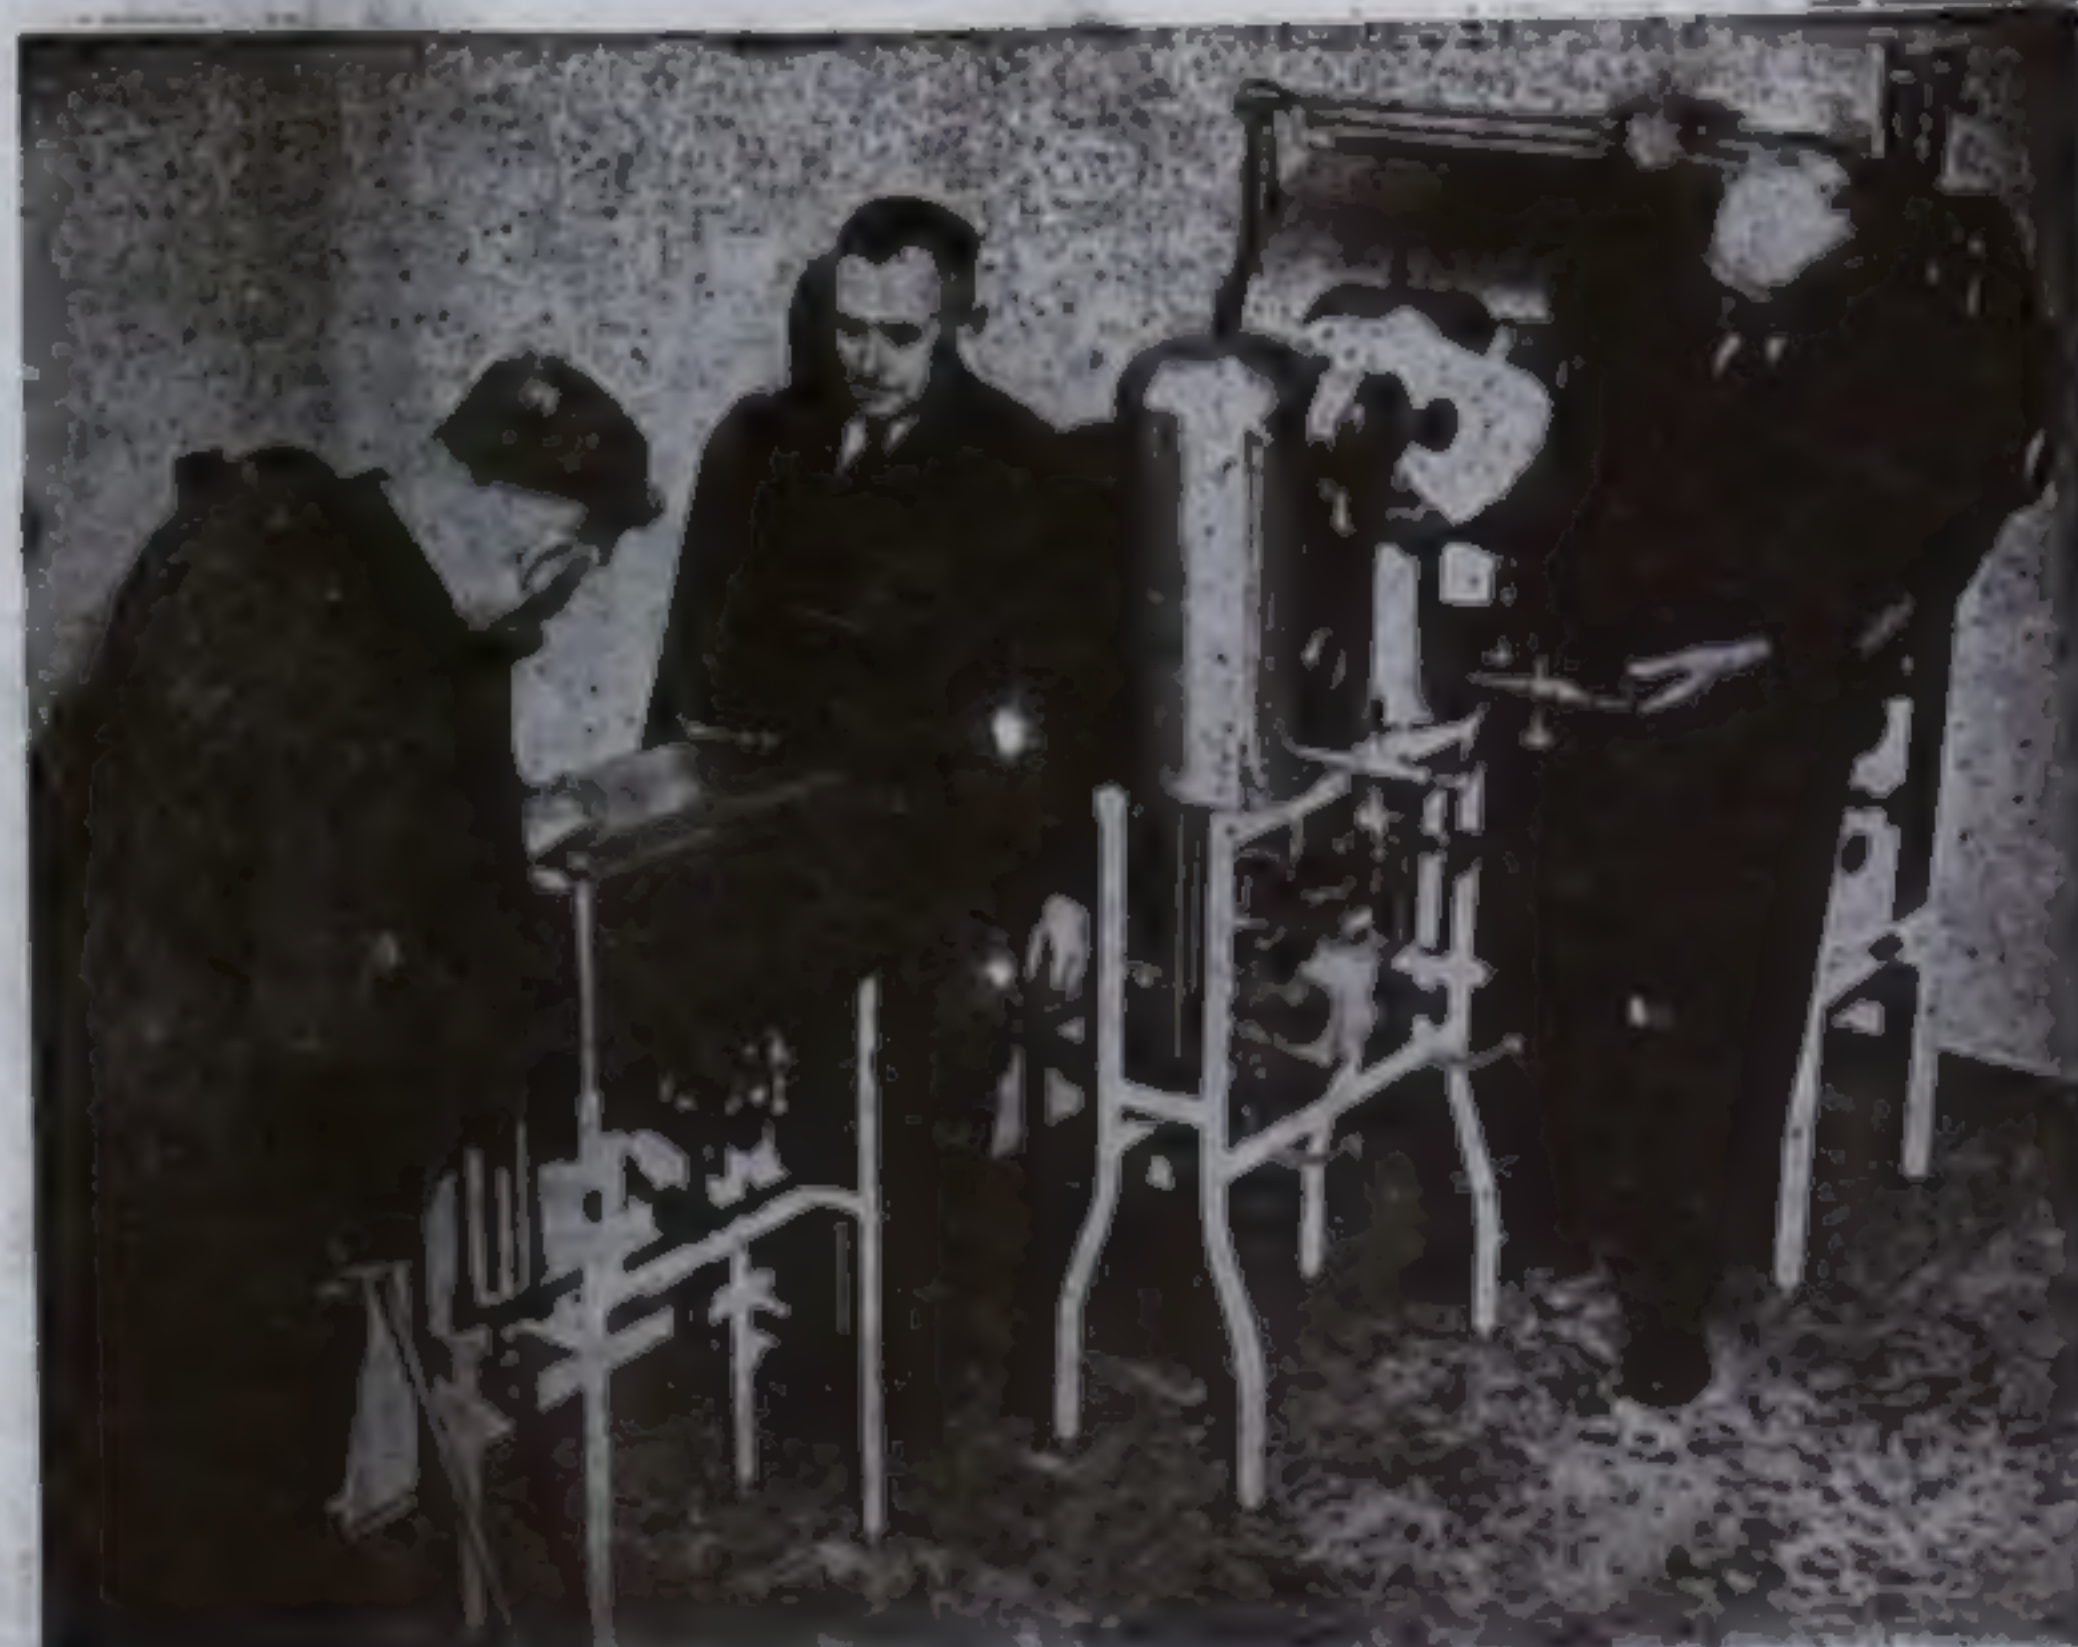

At the Lions Club meeting on Tuesday night Lion President Russell Terry announced a recommendation from a Directors meeting to donate \$100.00 to the West Lincoln Memorial Hospital. This donation to be a starter for forth coming public drive for operating funds, and called on A. R. "Sandy" Globe to tell the boys the details.

Mr. Globe stated that the completion of the Hospital was now a matter of weeks, when the Institution would be ready to serve the public at a total valuation of \$75,000.00 all paid for clear and clean, with no strings or debts, and that in order to keep it so, a drive for \$5,000.00 is operate the Hospital would be launched during the week of Nov. 19 to 26th.

This is the first public drive and it is expected that the people from Winona, Grimsby, North Grimsby, Beamsville, Jordan and Vineland, will see to it that the Hospital gets off to a good start. The Smithville area have completed their part of the drive recently in a very satisfactory manner.

# VICTORY LOAN IS MAKING HEADWAY

## County Councillors Are Interested

A large number of people from all parts of the district are visiting West Lincoln Memorial Hospital weekly. The above photo shows three members of Lincoln County council inspecting the new sterilizing equipment recently installed. This equipment was

donated to the hospital by the county council. From left to right they are Reeve J. Goodman Pettigrew, South Grimsby; Reeve Roy Saunders, Beamsville; Reeve Walter Sheppard, Niagara Township. — Courtesy St. Catharines Standard.

## PACKING GRIMSBY PEACHES FOR THE ENGLISH MARKET

## GRIMSBY PROVIDED CLOTHING WORTH \$21,000 AT NEW PRICES

## New Chlorinator Is Now Working

Plant Installed At Pump House — More Efficient And Economic Than Old System.

The new chlorinating plant at the waterworks pump house, recently purchased by the Water Commission, has been installed and is now working.

The old plant which was installed in 1922 and has through the years become antiquated has been replaced as far as possible and will be maintained for use in case of emergency.

The new plant which is of the most modern type, operates more efficiently and at less cost than the old plant.

## District Governor Visits The Lions

Clifford Hines Of Ingersoll Guest Speaker Of Evening — Tail Twister Puts On Good Show.

District Governor Clifford Hines of Ingersoll was the guest speaker at the Lions Club meeting in The Village Inn, on Tuesday night, when he paid his official visit to the club, accompanied by District Deputy Irving Zimmerman of Niagara Falls. His remarks were listened to with interest by the members.

Sergt. George Thomas, 101st Airborne Division, United States Army, of Detroit, and John P. Bridgman of Winona were also dinner guests.

It was pleasing to all members (Continued on page 3)

## Five Day Drive For Clothes For European Refugees Much Appreciated By National Organization — It Was A Big Job Well Handled.

When Miss Ann Crane and Wm. Jewson undertook to do a three weeks job in five days in connection with the National Clothing collection, they shouldered a big responsibility.

Thanks to the co-operation of all the ladies and mens organizations in town and township they put it over. They secured over six tons of good clothing, valued at one-third of its original cost brought in total to over \$7,000. Or at new selling prices over \$21,000.

That the efforts of Miss Crane and Mr. Jewson and the people of his district is appreciated is shown by the following letter received last week. It speaks for itself:

October 31, 1945  
Mr. Wm. A. Hewson,  
Grimsby, Ont.

Dear Mr. Hewson:  
We are pleased to acknowledge the receipt of your report and wish to thank you and the members of the Cloth Committee in your community for the splendid co-operation which resulted in such a large contribution. Please be assured of our sincere appreciation of all you have done towards the success of the National Clothing Collection.

With 10,980,000 pounds raised by our Regional Directors it appears definite that the Collection has been a great success. This due in no small measure to the untiring efforts of people such as you and those who have labored with you. Many thanks for good work.

Karel B. Executive Director

Wrapping And Packaging Are Most Important Items For The Export Trade—British Market Is Inclined To Be Partial To The Light Colored Varieties Instead Of The Yellow—Ontario House Investigating.

(From a pamphlet issued by the Ontario Department of Planning and Development)

Canadians in Great Britain, noting the high prices that Italian and South African peaches were bringing on the London market, raised the question with Ontario House regarding the possibilities of shipping Ontario peaches to the British market. Some interested Canadians reported after investigation that they were quite convinced that there was a potential post-war market for Canadian peaches in Great Britain.

The Trade and Industry Branch of the Department of Planning and Development has discussed the matter with the Ontario and Dominion Department of Agriculture and representatives of the Ontario Fruit Growers and Fruit Exporters Association.

The information we have received from the above sources indicates that serious attempts have been made to market Ontario peaches in Great Britain, but with indifferent results, due to a number of factors, which, at the time, were more or less beyond control. For instance:

The British market is inclined (Continued on page 3)

## Grimsby Weather

Week ending at 8 a.m., Monday Nov. 5th.

Highest temperature — 72.5  
Lowest temperature — 29.8  
Mean temperature — 47.0  
Precipitation — 0.15 inches

Month of October  
Highest temperature — 72.5  
Lowest temperature — 33.5

Precipitation — 3.70 inches

At the end of the 14th day — Tuesday night — and with four days to go in the Grimsby and North Grimsby Victory Loan campaign, the local committee had reached the grand total of \$453,800, of their objective of \$500,000, and Chairman Archie Alton does not anticipate any trouble in reaching that objective.

Salesmen have received a very fine reception from the citizens generally, and speak very highly of the efforts

## FLASH

Grimsby's Victory Loan quota has been raised to \$600,000. All objectives in Lincoln county have been raised by 20 per cent. Buy another bond.

that have been made by fruit growers who had mighty poor crops, in order to buy bonds.

Up until Tuesday night, the end of the 14th day of sales the complete comparative figures are as follows:-

	This loan	Last loan
1st day	\$23,200	\$41,200
2nd day	18,000	32,600
3rd day	17,450	33,600
4th day	22,450	37,300
5th day	30,350	30,300
6th day	24,700	7,300
7th day	44,150	35,600
8th day	33,900	15,050
9th day	15,500	22,750
10th day	29,200	21,400
11th day	29,800	20,700
12th day	44,600	3,850
13th day	57,100	9,450
14th day	24,450	1,700

At the same period in the last loan, last Spring, the total sales were only \$285,300.

In the above figures are included the payroll subscriptions from three factories. Todd's factory \$5,450 for 13 applications; Corey's plant \$1,400 for eight applications; and Shafer Bros. \$3,350 for eight applications, or a total of \$10,200. Other manufacturing plants have still to report.

Grimsby Lions Club, always a strong supporter of the previous loans have taken a \$2,000 bond in this campaign.

Up until Tuesday night Charlie DelaPlante was the leading salesman in point of money with \$96,400. Pat Boehm was leading in number of applications received with 180.

Citizens have until Saturday night at midnight to make their application so if you have not bought a bond yet, do so now. If you have only bought one bond to date, call your salesman and buy another one. Remember there will not be another loan campaign next spring, and probably not even next fall.

## FACTS & FANCIES

Frank Fairborn, Jr.

### AU REVOIR, BUT NOT GOOD-BYE

For the third time since the 31st of December 1942, I have written the above caption at the top of this column. I hope it is the last time for a lot of years.

First it was for that Prince of Princes and his fine wife, "Red" and "Mother" Graham; then it was for Andy and Clara Anderson and Archie Alton; now it is for "Little Dick" and "Buddy" Shafer, and of course for the Queen of the Fruit Belt, Bessie K. Moore.

All of them were owners and operators of the Village Inn. All of them conducted this finest of fine small town hosteleries in an excellent manner, wartime conditions considered. All of them have been for years good citizens of Grimsby.

I am glad to report that "Little Dick" and "Buddy" are not leaving our town, of course Bessie K. will still continue to reside in her comfy little home at the corner of Mountain and Elm streets. Mrs. Elma Bradford will rejoin her husband in Miami, Fla.

Au Revoir folks. You done a good job and upheld the fine reputation of the Village Inn.

### JUST A FARMER FROM CAYUGA

In 1925—just 20 years ago—a fairly youngish man came into Grimsby and bought the Hotel Grimsby. To all and sundry he stated, "I am just a farmer from Cayuga. I am tired of buying and selling, Hay, Straw and Potatoes. I am going to give you a real hotel."

That youngish man was Gordon A. Hannah. He kept his word. He did give Grimsby a real hotel. The first years of operation were tough sledding, including a fire, which retarded his efforts of rebuilding, but eventually by dint of hard work and perseverance he achieved his ultimate. He gave Grimsby a real hotel.

In that past 20 years he has rebuilt and modernized Hotel Grimsby until the Van-Dyke boys themselves would not know it—that is Fred and Mel—the rooms in Hotel Grimsby are as well decorated and as well furnished and as comfortable as any room in the Royal York. That is the reason that they have been filled every night for months past. The travelling public know their rooms.

Now the "boy that was born on the clay of Haldimand" has purchased and taken possession of the Village Inn. There is no more doubt in my mind that he will make a success of this venture than there is that darkness will descend upon this land an hour from now. (It's 4:45 p.m.)

Gordon Hannah is a man who likes to make money. He is a man who likes to spend money. I do not mean just take it out and throw it away to the four winds. I mean that he likes to spend it where it will do a lot of good, principally in labor and for the building up and development of his town. He is charitable to the nth degree. Nobody knows, and never will know, what charitable good he has done in this town and district.

As a civic booster he is the best in Grimsby right today. A \$10 donation or a \$100 case note doesn't mean a thing to him, IF, it is going to do something for the entertainment, the betterment or the development of Grimsby.

Just because Gordon Hannah is a hotel-keeper does not say that he has not a heart in his body. For he has. And I have no hesitancy in saying that his heart is bigger, and has been bigger, than the heart of 98 per cent of the people who would deride him and his business.

Grimsby and district citizens have always prided themselves on the Village Inn. And they had a perfect right too. They will have more right in the years to come because there is not a doubt in the world but what

Gordon Hannah will continue it as the finest small town hotel in Canada.

A word for Peggy O'Neil. This girl will be the Manager of the Inn. She came to Grimsby nine years ago as a bookkeeper and then as assistant-manager of the Hotel Grimsby. She has in that time proved that she is a born hotel woman. She has an Irish personality, that in her position as Manager of the Inn will prove invaluable to Mr. Hannah.

### GRIMSBY'S HALF WITS

I have lived in this town for 55 years and I never knew until last Thursday morning that there were so many half-witted people in Grimsby. I do not mean among the oldsters. I mean among the younger, rising generation.

On what happened in this town on Halloween night I am going to speak. And believe me I am going to tell you something.

If the young people of the Town of Grimsby have lowered themselves to the status that they have, then it is time that somebody, mostly the parents, should roll out the barrel, lay them over it and take a barrel stave and you know the rest.

I would larrup their patooties, girls as well as boys, until the sun sinking in the west would be dismal in comparison.

Halloween was built for kids to have a lot of fun out of, not for half grown (I think I am the biggest citizen in Grimsby) hair brained, half-witted teen-agers to go out and cause destruction.

I take my chapeau off to P. V. Smith, the Principal of Grimsby High School. He in his diplomatic way lined every scholar in that school up Thursday morning and told them plumb and plain "go and remove all the debris that you put on my lawn last night. Otherwise there will be no more pleasure activities. There will be no more Rugby, School Dances, or other entertainment. You will stick to your studies." Congratulations P. V.

It is time that this High school bunch had the feathers pulled out some place. I know that I am going to get in wrong with a lot of Mothers over this, but I am definitely IN. So come on and squawk Ma.

Destruction.—There has not been committed in the Town of Grimsby as much DESTRUCTION in 100 years as took place here last Wednesday night. Just plain cave-man, degenerated brained destruction. Nothing humorous, nothing funny about it. Just a case of where somebody should use a shotgun.

Did that bunch of half-wits that strew the logs and timber across Elizabeth street ever stop to figure what the consequences might be. A stranger, or even a local driver of a car, coming off the Queen Elizabeth, crashes into that pile of timber. Car smashed up. Somebody badly injured or killed; overworked doctors and nurses called on the job; overworked Municipal and Provincial Police called on the job; liability to the Town of Grimsby up into the thousands of dollars.

Never stop to think about that liability. Never stop to think that the Old Man and the Old Woman would have to dig in their pockets to pay taxes to cover those liabilities. The blame is right on the Old Man and the Old Woman. If they would use the same size Breechin Strap on their kids as my Old Man used on me there would not be any of this destruction going on.

The situation today is that the kids are running the households instead of the Fathers and Mothers running the works. Until that situation is changed, God Help The World.

Go take a look at the front doors of the Public Library. Such a disgraceful piece of destruction has not happened in Grimsby in years. Go and take a look at the side of Bob Hillier's house. Right across the whole north side of the house in big letters painted with yellow paint is the following "Put this in The Independent, Bones."

If those morons want to take a crack at me, it is all O.K. but why go and plaster up a widow woman's house in order to do it. Mrs. Wray will have to paint that whole house in order to obliterate that yellow lettering. Why didn't they come and do their painting on The Independent office, if they wanted to take a crack at Bones? No, they wouldn't do that, for being just as yellow as the paint that they used, they would not appear on Main street where Chief of Police Turner or the other constables could nab them.

If there is anybody in this world that can show me where it is funny, or humorous, to take wire cutters and cut a brand new wire fence in two, when I want them to pop right up and tell me so. Also show me where there is anything funny about spotching up a fine automobile with yellow paint. People that do things like this should not be allowed to run loose. They should all be locked up behind steel bars and stone walls.

It is to be hoped that Chief Turner is successful in running these vandals down and that when they appear before Magistrate Campbell the sentence will be one that they will remember all the days of their life.

### THE STRIKE IS A SELF-DESTROYING WEAPON

Trade unions have served a noble purpose in securing economic justice for the workers they have represented. Their original motto "Union is Strength," is sufficiently demonstrated in the great united strength of labor unions of the present day. They are a power to be reckoned with, not only in industry, but more and more in politics. They have fought a good fight, and they may be said to have "won the war." They have won it chiefly through the strike weapon.

But having won the war and secured full recognition, many of the union leaders still go on fighting and using the old weapon of the strike. It seems that they still regard industrialists and employers generally as the "enemy" of all working people, if not of society at large. It would perhaps be unfair to blame the recent epidemic of strikes on trade unions generally, for it appears that many of these disputes have been precipitated by recently organized unions and irresponsible agitators. This is reported to be the case regarding the dock strikes in Britain. As for the recent strikes in the United States and Canada, The Labor Review organ of the Canadian Federation of Labor, makes the following editorial comment on the situation:

"Louder and sillier ome the demands of unionizers whose wartime opulence, achieved at the workers' expense, approaches early deflation. Before they go down like pricked balloons, these parasites on industry and honest toil have decided to show that they have still another trick or two up their sleeves. A 30-per cent increase in wages, 48 hours' pay for 4 hours work, and a lay-off pension of a month's wages for each year worked—these are their current objectives until the can persuade their due-paying dupes to sand out for something more fantastic."

The Review goes on to say that "for sheer gall there is nothing to approach this proposal of lay-off pay for war workers who have been making high wages for years past." The editorial points out that the average pay in aircraft and motor vehicle industries has been not less than \$200 a month, and it adds: "A country which pays its discharged private soldiers about \$90 a month while they find themselves jobs is most unlikely to pay sheltered workers \$200 a month. No government in its senses would entertain such a proposal especially as it would really still be yielding to pressure now it would witte still greater pressure when the subsid term expired."

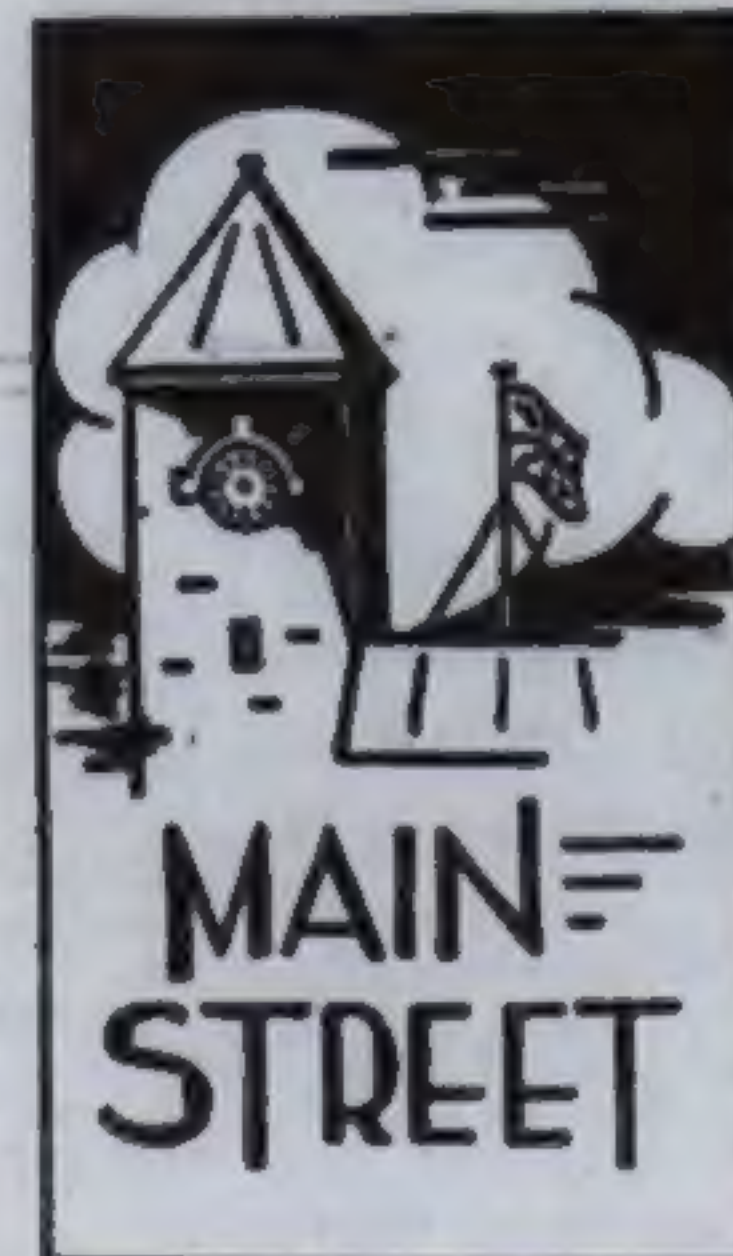

That is the voice of long experience in labor matters, and it is just plain common sense. If the government is to continue to pay war workers for doing nothing, the money must come out of the taxpayers. All taxes come out of the profits of private industries and services by strikes is to kill the goose that lays the golden egg and delay industrial reconstruction from wartime to peacetime production.

### Penned and Pilfered

Work will win when wishing won't.

Happiness is one thing you don't have to go around looking for. If you are entitled to it, it will come to you.

This old world is going to be a better place to live in when it becomes more generally known we suffer by our sins, and not for our sins.

Glad to see Bert Boulter in town.

Jean Love doing her Boy Scout Deed. Sweeping off Case's sidewalk as well as her own.

Mrs. Olive Berry handing out candy to the kids on Halloween night. Some of Grimsby's finest ladies never seem to grow up.

This column followed a smart chile—trick—up street the other p.m., only to find out that we went to school together. Women are deceiving.

Roy St. John wandering around at loose ends. Five will get you tea, that he is back in business before six months. A fish cannot live out of water.

Norm Harris all burned up, almost to a frazzle. His English Walnut crop is a failure. Only four quarts where he expected at least 10 carloads. The weather just played hob with that tree.

J. Goodman Fettigrew, the Potentate of Smithville, proclaiming to the world, that the best wheat and the best live stock in Canada are grown and raised in South Grimsby, Calabar and Gainsboro. "Good" keeps strictly away from Peach culture.

Little Dyke got mad last Thursday. He decided that we were burning up too much electricity because the daylight couldn't get through the windows so he up and washed them. Whyda you think of that. A waste of good soap and water says this columnist.

A suggestion. That Councillor Howard Ingelhart walk up the sidewalk of Palmer's Hill, instead of riding over the hump all the time in a high-powered Buick. He will find that the sidewalk underfoot will resemble the face of a man that had just suffered a bad case of smallpox.

A lady called The Independent on the telephone the other morning. Of course she did not know the tustion, or I am sure she would not have called. Mrs. Morrison was out to the Post Office and this columnist was surrounded by "Fep" Sheppard, Beamsville's One Man Publisher. Now what chance did I have to talk to the lady over the telephone.

### TADY FOLKS

Some people have a habit of being late. If they are appointed on some committee, they are apt to be fifteen minutes or more behind time. They are apt to be late at church services and entertainments. People often have to wait for them. If a meeting of some group is appointed for a certain hour, it is annoying for those who are on time to have to wait for those who are late.

If one has that habit, it should be corrected. These people may be able to get to the railroad station at the time the train leaves and if they can do that they should also be able to get to their appointments on time.

It takes a weight lifter to budge something as heavy as a mortgage.

From Page One

## GRIMSBY PEACHES

to be partial to the light coloured variety and prefer these varieties to the yellow varieties usually grown in Ontario. Mr. R. S. Wilson, plant pathologist at the Dominion Laboratory of Plant Pathology, St. Catharines, Ontario, says:—"According to comments from the London dealers, small peaches are not profitable. Size should not be less than that of large no. 1's. This factor is in itself another argument in favour of sending the more mature fruits. The Alberta variety is probably our best shipper, but its flavour is not entirely suitable for dessert purposes, particularly after cold storage. For that reason, Vedette or Valiant are preferable. Rochester can be sent if up to standard size and if special precautions are taken against brown rot. A number of other firm shipping varieties could be used. Golden Jubilee is too soft. The British market has a marked preference for white fleshed varieties of which we have too few good ones here. Carmen, probably the best white fleshed variety we have, was well received. But there are few plantings of Carmen in the district and it is doubtful if its culture should be urged."

Fresh peaches on foreign markets must be considered a luxury trade. Therefore any producer considering this market must be pre-

pared to exercise the greatest care in the growing and inspection as well as in the wrapping and packaging of his fruit.

To deliver Ontario peaches in Great Britain in a marketable condition and with their full flavour and lusciousness preserved has in the past, necessitated considerable expense for packing and shipping.

The investigations of this department indicate, however, that there has been developed in recent years, some new techniques in the packing of peaches, apples, plums, and other fruit that might enable us to overcome many of the difficulties encountered in the past and make it possible to successfully export Ontario fruit.

It is also quite possible that some of these newer methods of wrapping and packaging might make it possible to distribute Ontario fruit throughout Canada in a marketable condition and at less expense than is possible with existing methods.

It is also possible that these newer methods of wrapping and packaging might be of considerable value in delivering fruit to local markets in a more attractive more sanitary and better general condition.

The problem presented in the export of perishable fruits is how to retain the freshness and quality throughout the long period involved in transportation. After the

## "THE BLUE GOOSE"

Based upon a picture painted by Carlisle, by T. M. Shortt, the well-known Canadian Ornithologist and one of a series of subjects on the conservation of Canada's natural beauty.

A full colour reproduction, size 9" x 14", without advertising and suitable for framing, will be sent to each member of The Carling Conservation Club upon request to Dept. A13, The Carling Breweries Limited, Waterloo, Ontario.

## "Thank You, Jack Miner!"

Northward in the spring to the vast solitudes of the Baffin Land breeding grounds, southward in the fall to Louisiana, the Blue Goose wings his way across the uncounted years.

He remains part of the bounty which nature has bestowed upon Canada only because such men as Jack Miner of Kingsville, Ontario, set up game sanctuaries, and because wise game laws were devised to protect all migratory waterfowl against the tragedy of reckless slaughter.

The Blue Goose is part of the vast heritage of natural beauty... of Nature Unspoiled... to which every Canadian falls heir and which each one of us must help to conserve. This we can do only by improving our knowledge of what to do... and when and how to do it.

It is with this in mind that The Carling Conservation Club has been organized to make knowledge available to all. You can join this club today by writing to Dept. A13, The Carling Breweries Limited, Waterloo, Ontario. You will receive authoritative and interesting information on conservation as it becomes available and at no cost to you.

IN MILKING, TOO,  
MODERN MACHINERY  
Eliminates the Drudgery  
of Hand Labor

Why do by hand, work that can be done quicker, easier and cheaper by machine? Why put up with the drudgery and the time- and money-wasting disadvantages of hand milking, when you can enjoy the convenience and profit-making advantages of doing this wearisome daily task by simply installing the Massey-Harris Rite-Way Milker in your barn? Ask your local dealer for particulars.

THE SERVICE ARM OF THE CANADIAN FARM

fruit is harvested it continues to carry on its life process, and its activities are even greater, since it must maintain its life on the food products within itself. Here lies the danger of deterioration through loss of moisture and attack by fungi or bacteria.

Various methods to safeguard against deterioration during transit have been devised, such as surface treatments, wrapping and refrigeration. The nature of the wrapper must be such, as to slow down the breathing process of the fruit, (thereby slowing evaporation) yet not stop it completely. Great care must be taken in selecting the particular method of surface treatment or wrapping. What might be suitable for a particular fruit may be entirely unsuitable for another. What may be suitable for a particular fruit under one set of conditions, might be entirely unsuitable for that particular fruit under a different set of conditions.

Growers of fancy fruit in Egypt, Sicily and Southern Tyrol, used waxed tissue which worked satisfactorily. In some cases, bags of cellophane or waxed paper were placed over the individual fruit while still ripening on the tree. The fruit was harvested with the bag on and shipped in this wrapper, with the bits of leaves and stem in the bag.

Considerable experimental work was being carried on with these newer types of wrapping and packaging just before the war. Most of the experimental work has been held up due to the diversion of wrapping and packaging material for another purpose. It is hoped that ample supplies of such wrapping and packaging materials will be available for the 1946 crop.

Manufacturers of these new wrapping and packaging materials will be only too glad to co-operate with fruit growers and exporters in practical experiments to determine the most suitable material and method as applied to any particular fruit under any particular set of conditions.

The Fruit Branch of the Ontario Department of Agriculture and the Division of Botany and Plant Pathology of the Dominion Department of Agriculture have considerable information on the subject.

Experimental work to date seems to indicate that best results are obtained by handling, wrapping and packaging the fruit mechanically. This means that growers contemplating export of fruit must be prepared to install the necessary mechanical handling, wrapping, and packaging machinery.

The necessity for installing such mechanical equipment suggests the impracticability of the small grower contemplating export markets. However, if the larger growers install such mechanical equipment to prepare fruit for export they will undoubtedly use it for fruit consigned to domestic markets. The improved condition of such fruit

coming on the domestic markets might make it necessary for a very large percentage of the growers to adopt such methods.

The more or less general use of mechanical equipment for handling, wrapping, and packaging fruit should create a fairly substantial local market for such mechanical equipment.

There are a number of metal manufacturing industries in or contiguous to the fruit producing areas which might consider the manufacturing of such equipment as a profitable post-war project.

Such mechanical equipment and machinery is being manufactured and used. Financial arrangements can be made with present designers and manufacturers in the United States, whereby such equipment can be manufactured in Ontario on a royalty basis.

In fact, production, canning, and preserving of fruit and vegetables in Ontario is fast reaching proportions that should suggest the possibilities of manufacturing this special machinery and mechanical equipment here in Canada.

For further detailed information regarding new methods and materials for wrapping and packaging fruit and for information regarding necessary mechanical equipment, we suggest communicating with the following:-

Division of Botany and Plant Pathology,  
Department of Agriculture,  
St. Catharines, Ontario.  
Fruit Branch, Ontario Department of Agriculture,  
Toronto, Ontario.

## DISTRICT GOVERNOR

to welcome back to the festive board Major Vance R. Parrell, after five years service overseas. This was Vance's first visit since returning home.

A most excellent repast was served by Mine Hostess Peggy O'Neill and in appreciation of the fine service and lovely food, the Lions in their sing-song period very nobly rendered that lifting ballad "Peggy O'Neill."

Tail Twister Aub. Crich put on a great show at the expense of the members, both verbally and financially. He collected plenty of fines when he conducted his quiz contest as well as creating a lot of fun.

Next meeting of the club will be Tuesday, Nov. 20th, when Dr. Mather will be the guest speaker and will show a special motion picture film dealing with the much publicized V. D. question.

Women are not like men. None of the girls ever marched on Washington for a return of nylon.

A watch is something that costs you about half the price you paid for it to have it repaired.

This is truly One World. The Far East isn't as far as you might think.

home or skyscraper  
**IT'S AS OLD AS  
ITS ARTERIES!**

● The life-carrying arteries of a building are its electric wires. The size and number of wires determine the amount of electric power that may be used at any one time. As electrical devices multiply, and new uses call for increasing quantities of electricity, any building, regardless of when it was built, is only as young as the ability of its arteries to carry the load.

A home that is wired only for lights and small appliances must be rewired before it can provide such comforts as an electric range and water-heater. If not wired for all requirements, it is "old" until it is rewired to carry modern loads, with plenty of outlets and switches. The economical time to wire property is when a place is being built or remodeled.

A proper standard of wiring in an office or factory will advantageously affect production and profit. Employees do better work with less fatigue when lighting levels are of approved standards. Adequate wiring also provides for modern electrical equipment.

Your Hydro is planning to provide you with the electricity you will need for post-war prosperity and comfort. Be sure that you plan also to enjoy these benefits in full, through adequate wiring. Your Hydro will be glad to give you information about wiring.

## Poppy Day Saturday.

## Salvage Collection Saturday.

Send in your social and personal news—please.

Chicken supper, Masonic hall, TONIGHT.

Mrs. (Dr.) J. H. MacMillan is visiting in Ottawa.

Mrs. Elma Bradford left on Sunday night for her home in Miami, Fla.

Dr. J. H. MacMillan is at Queen's University, Kingston, taking a 10 day post graduate course. Dr. Norman Bowers, is looking after Dr. MacMillan's practice during his absence. Dr. Bowers has recently returned from three years overseas service.

David and Thelma Copeland have gone to Toronto to reside.

Ron and Mrs. Prudhomme of Beamsville have taken up residence in the Mansion apartments.

Lieut. Kas Harvey of Fredericton, New Brunswick, visited her parents, Mr. and Mrs. H. Harvey, on Friday and Saturday last.

Mrs. John Vooges has returned from Detroit, where she attended the funeral of Miss Joan Coulson, only child of her brother, Francis Coulson.

Mrs. Marion Stuart, Central Avenue, and Miss Mary Stuart, have returned home, after spending the weekend with Mr. and Mrs. G. A. Robson, Toronto.

We regret to report that Fred Jewson is on the ailing list and was in Hamilton hospital for observation and X-ray over the weekend. It is quite possible that he may have to undergo an operation within a few days.

We are pleased to chronicle that R. W. Graham who has been confined to Hamilton hospital for the past month has been able to return home. While "The Bishop of Paton Street" is still in a weakened condition it will not be long until he will be a daily visitor to his usual haunts.

Mr. and Mrs. L. W. Sovereign of Central Avenue, Grimsby Beach have just returned from a two weeks' motor trip in which they visited relatives at Waterford, Simcoe, Port Rowan and Sarnia. They report ideal weather throughout the entire trip. Among the many relatives visited were three Aunts of Mr. Sovereign aged 83, 84 and 88 respectively—all in excellent health and enjoying life to the full.

## Grimsby Baptist Church

R. G. Standerwick, S.A., S.D.,  
Pastor.  
SUNDAY, NOVEMBER 11th  
10 a.m.—Church School.  
11 a.m.—"What Shall We Offer?"  
7 p.m.—"The Power of the Gospel."  
Fellowship hour for all ages at close of evening service.

Sergt. R. S. Butt has returned to Fredericton, N. B., after spending ten days with his sister, Mrs. R. G. Ballard, Elizabeth street. Sergt. Butt arrived on the Amsterdam, after five years' service overseas.

The Women's Missionary Society of the St. John's Presbyterian Church held its thanksgiving meeting as a regular church service Sunday evening. The guest speaker was Mrs. Donald McKay, of Hamilton, who spoke on her work among the Jewish people.

The Grimsby Beach Circle held their monthly meeting at the home of Mrs. Wyse, who is soon leaving the community. There was nearly a complete turnout at the Circle. The highlight of the afternoon, was a solo by Mrs. Wyse, who played her own accompaniment on the Guitar.

Among those who have entertained in honour of Miss Jean Larson, whose marriage to former Flying Officer John Reekie, D.F.C. of Winona, takes place on Saturday were the Bridge Club, with a miscellaneous shower, and a kitchen shower by Miss Katie Fyrdyk and the girls from the office of E. D. Smith's, where Miss Larson used to work.

## I.O.D.E.

On Sunday, November 11th, Memorial Day, members will kindly meet at the Independent building at 2:30 p.m. and proceed to the cemetery to assist in decorating the graves.

## Eastern Star

Grimsby Chapter, No. 196, met at 8 p.m., in Masonic Hall, on Tuesday evening. Sister Muriel Anderson, W.M., presided in the East, assisted by Mrs. Lawrence Hysert, P.W.F. As our year ended Oct. 31, the annual reports of the various officers and conveners were given, showing a very successful financial year. Refreshments were served at the close by Sister Edith Harrison and committee.

## Brownies

At the conclusion of the Fairy Ring the Brownies and Brownkins departed to their abodes for roll call and collection of Fairy Gold.

Some time was spent on test work. The Brownies ably assisting the Brownkins in their own sixth and the latter are doing so well it looks as if they would be enrolled very soon.

A favourite dancing game was played and the Brownies were urged not to forget their notes from home regarding one of their tests for next week. The meeting then closed with taps.

## Obituary

**B. H. MEYERS**  
In failing health for a number of years, Benjamin Homer Meyers passed away at his home, North Grimsby, Sunday.

Born near Listowel, he was in his 64th year, and had resided here for the last eight years, coming from Peterboro.

He was a 32nd degree Mason, being affiliated with Ramesses Temple, of Toronto.

Surviving, besides his wife, are a son and daughter, L. A. C. John Meyers, R.C.A.F., overseas, and Mrs. Wilfred Christopherson, of Toronto; two brothers, Arthur O. Meyers, Detroit, and Archie J. Meyers, of Campbellford, Ont., and a sister, Miss Alberta Meyers, of Penetanguishene.

Funeral was held from the Stonehouse funeral home on Tuesday afternoon, Rev. W. J. Watt officiating. Interment was in Queen's Lawn cemetery.

Casket bearers were, P. J. Patterson, Fred Kitchen, Fred Bush, Peter Christopherson, Roy Shields, J. Ehen.

## Women's Institute

On Monday morning two carloads of ladies arrived at the home of Mrs. Larsen, Livingston Avenue, to partake of a "Galloping Breakfast" prepared by Mrs. Larsen: the first of its kind for the Institute Ladies. As the members were called for by drivers and unprepared for such a call on Monday morning, it was most amusing to hear the remarks to the hostess as well as see the peculiar outfits for early morning breakfast. A pleasant hour was spent and the party adjourned to be prepared for a call to Mrs. St. John's No one knows the day or week.

The price of the breakfast was 25c. Dagwood sandwiches, hot apple muffins and coffee. Let's have some more, and keep our social spirits alive.

## Grimsby Bible Society

The Executive of Grimsby Bible Society met in St. Andrew's Parish Hall on Tuesday evening to plan the program for the annual Bible Week. Mr. J. O. Moore presided, with Mrs. Claude Boden, secretary, Mrs. James Theal, Mrs. A. Calton, Miss H. Walsh, Miss C. Freshwater, the Reverends W. J. Watt and R. C. Standerwick, Messrs. G. G. Bourne, W. E. Cullingford, R. D. Colpitts and treasurer, Jas. Aitchison taking part in the discussions.

Grimsby Bible Society Week begins on Saturday, December 1st, and culminates in a union service at Trinity United Church on the evening of Bible Sunday, December 8th, in which all the congregations of the town, and citizens generally, will join. A special speaker is being arranged for.

There will be a window display, full of interest and information at the Model Dairy all week.

So that every person, young and old, between the town lines of Beltford and Clinton may have the opportunity to contribute to the work of the Society, teams made up of members of the participating churches will canvass the entire district during Bible Society Week. Those selected for the teams will meet with the Executive at Trinity Hall on Tuesday evening, Nov. 20th, to receive instructions and complete their campaign details.

Grimsby Bible Society dates back to Nov. 18th, 1854—91 years ago. It is a branch of the Upper Canada Bible Society which has been in operation 126 years, and is, in its turn, auxiliary of the British and Foreign Bible Society. The parent Society came into being in London, England, in 1804.

During the past 141 years the Society has supplied over 700 translations of Scripture for the mission fields of the world, and in times of war for the Armed Forces, both our own and those of the enemy. Nearly 600 translations have been circulated within the British Empire, many of them in Canada, and of these languages over 300 were reduced to written form for the first time for the purpose of conveying the message of the Gospel.

## Trinity W.A.

The regular meeting of the Women's Association of Trinity United Church was held at the home of Mrs. E. McAlonen, Robinson street south, on Thursday, November 1st, with 26 ladies present, and the President, Mrs. D. Cloughley in the chair.

Meeting opened by singing Hymn 94, "The Churches One Foundation," followed by The Lord's Prayer in unison. The Scripture lesson was read by Mrs. Gordon Hilt, from the 4th Chapter of Acts.

The ladies planned for the sale of goods, aprons, toys and many other articles, which will be held some time during December, in the Gas office.

Mrs. Dymond, who is convener of this sale, will be glad to welcome any of the ladies who would like to help, and the first sewing meeting will be held at her home, Murray Street, this coming Wednesday afternoon and evening.

The ladies made quilt blocks during the afternoon.

After the meeting, a social half hour was enjoyed, when Mrs. Hummel and Mrs. Greig served refreshments.

A hearty vote of thanks was extended to Mrs. McAlonen for the use of her home.

## Time Table For Ration Coupons

Here are the dates various coupons become valid in November:

Nov. 8—MEAT	M 10
BUTTER	
Nov. 15—MEAT	M 11
BUTTER	120
SUGAR	66 & 67
PRESERVES P20 & P21	
Nov. 22—MEAT	M 12
BUTTER	130
Nov. 29—MEAT	M 13
BUTTER	131

No butter coupons it should be noted become valid on Thursday November 8th.

## TAKE A TIP

1. Three lbs. raw pumpkin or 1 1/4 quarts diced pumpkin yields 3 cups mashed cooked pumpkin.
2. You may substitute 1 1/4 tsp. mixed pastry spice or 1 1/4 tsp. allspice for 1/4 tsp. ginger, 1/4 tsp. nutmeg and 1 tsp. cinnamon.
3. Substitute 1/4 cup orange juice for 1/4 cup milk in the ingredients for pumpkin pie.
4. Sprinkle pumpkin pie with chopped peanuts to increase the protein value of a meal.
5. Spread plain squash pie with a small amount of warm jam.

## Girl Guides

### BROWNIES "FLY UP" TO GUIDES

The event of much importance to a Brownie—her "Flying up" into the Guide Company took place on the evening of the 30th, in a setting of Guide ceremonial and of Fairyland imagination.

After the 50th and 57th I.O.D.E. Companies had taken their places and the regular opening of a Guide meeting had been held, the Brownies came running in and clustered round their toadstool where the Brownkins (recruits not yet ready for enrolment) had made a woodland scene with red oak branches. They formed their Fairy Ring, sang the Brownie Song and pronounced the Brownie Motto. Then the Division Commissioner, Miss Walsh, spoke briefly, emphasizing the value of regular attendance and explaining to the mothers and grown-up friends present, the significance of the Golden Hand and the Golden Bar. Two Golden Hand Brownies had, during their three years in the Pack, a nearly perfect attendance—Dorothy Game having named only two meetings, and Kay James only one—a factor which had helped them considerably in winning their badges. Each was presented by Brown Owl and by Mrs. Wyatt Dick with a miniature toadstool and brown owl, to remind her of Brownie days. The Division Commissioner then fastened on to the three "Golden Hands" their Brownie Wings "that they may fly to Guidely things."

Two Guides were holding as a barrier between Guides and Brownies a large golden trefail—through this the three Golden Hands broke, and made their own way to Miss Cullingford, Captain of the 50th Company. Meanwhile the remaining Brownies were forming themselves into an archway with the Red and Yellow Oak branches. Under these the fourteen Brownies—two at a time—ran, pausing at the outlet to wave "Goodbye" to their old playmates. Here they were met by Guide Barbara Bromley, led to the Captain and assigned by her to their patrol leaders.

The Brownies still in the pack, and the Brownkins tip-toed their way into the night, softly as fairies do and were seen no more.

The new Guide recruits were introduced to their first camp fire, sing-song, and Taps. They have left Fairyland behind them and are facing the world of reality and usefulness, into which Guiding will lead them.

"Flying-up" Golden Hands (First Class Badge)  
Elves—Dorothy Game, Ellen York.  
Pixie—Kay James.  
Golden Bar (Second Class Badge)  
Elves—Elaine Tomison, Mary

Tomison.  
Fairies—Barbara Klock, Sonia Culp, Doreen Hildreth.  
Pixies—Marylou Marlow, Agnes Stuart.  
Gnome—Marian Marshall.  
Sprites—Margaret Hogan, Barbara Hunter, Doreen Johnson.  
Also went up:

Sprite—Barbara Shaw.  
Fairy—Doreen McIntyre.  
Gnome—Susan Wade.  
It's a wise father who can sometimes "see" his son.  
There are few movies that turn out to be as good as the preview made it seem.

## Coming Events

Notices under this heading will be charged at the rate of 25 cents for 30 words, or less. Over 30 words 1 cent per word.

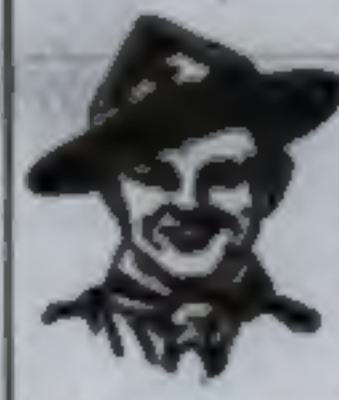

The Grimsby Beach Circle are holding a tea and sale on Thursday afternoon, November 22nd, at the home of Mrs. W. Pader, Adelaide Street.

Alma Rebeckah Lodge No. 287 are holding a Bridge and Euchre in the Masonic Hall on Tuesday evening, November 13th at 8:30 p.m. The entire proceeds for the West Lincoln Memorial Hospital. Admission 25c. Refreshments and good prizes.

The Mothers Club will meet at the home of Mrs. H. Lambert, 9 Elm Street, on Thursday, November 15th at 8 o'clock sharp. The guest speaker will be Dr. Jas. M. Mather of the St. Catharines-Lincoln Health Unit. All mothers cordially invited.

## Boy Scouts

At the opening horseshoe Monday night Allan Baisley broke the flag while the troop stood at the Altar. Immediately after the troop enjoyed a game of "O'grady says" which made many a laugh when some of the Scouts were caught off guard.

During corners the patrol leaders instructed their groups in camping equipment. Preparations were made during the evening to attend the Armistice decoration ceremony Sunday afternoon next. Scouts will meet at the library park at 1.45 p.m.

Two boys who recently advanced into Scouting from the cub pack Marvin Robinson and Dean Wilson were invested by their Scoutmaster assisted by Troop leader Leon Betmer and the patrol leaders of their patrols. Ralph Farrel was presented his musician and laundryman's badges by secretary Duncan McInnis.

Patrol leader Donald Catton and his patrol of stalwart followers enjoyed a wonderful hike on Saturday last. From all reports they covered a lot of ground and as scouts usually do they ate a huge repast around the campfire.

## Cubbing

Many parents and friends were present at the annual Scout-Cub parents night held on Nov. 2nd.

Following the arrival of the Troop and Pack and the opening ceremonies, the guests were welcomed by S. M. Baker. Mr. Baker announced two new appointments to the Group Committee, that committee now consisting of Messrs. A. V. Catton, W. O. Greig, W. H. Ketterborn, M. A. Johnson and R. C. Bourne.

While the Cubs were being taken to their corners to practice knots. The guests were invited to visit the corners and observe what was taking place. Following this a Scout-Cub knot relay game was held. The four knots chosen for this were the Clove Hitch, Bowline Reef Knot and Sheet Bend. Then the visitors were divided into teams and attempted to tie the same knots. Much to the delight of the boys, Field Secretary Scotty Fleming and S. M. Jim Wright of Hamilton were introduced and given a rousing welcome. Mr. Fleming gave a short talk on Scouting and presented Akela Cyril Mote with his Cub Masters Warrant and Scout Master Jim Baker with a certificate for having successfully passed the Gilwell Training Course for Scouters, held at Blue Springs Camp, this summer. An active game of ships and mines proved very mysterious and exciting. The meeting closed with a sing song around the campfire in which the guests were invited to take part.

## Local Ukrainians Buy \$8,000 Bonds

At a meeting of the local branch of the Ukrainian Canadian Association held on Saturday night the members showed their faith in the 9th Victory Loan in no uncertain terms.

The members of the organization have supported the past Victory Loan campaigns very liberally, but this time they gave the local loan "one big hand."

Under the guidance of George Marfel the local members subscribed for \$8,000 worth of bonds with a total of 33 applications.

Mr. Marfel was assisted in the sale of bonds by August Kucharski and members of the local Victory Loan committee, after which a social evening was spent.

## BREVITIES

### EVENTS and TOPICS of the WEEK in TABLOID

Poppy Day on Saturday.

Salvage collection Saturday.

You still have time to buy another bond.

Township Council meets Saturday afternoon.

Town Council meets next Wednesday night.

Oliver Shaw is now counter-hopping in Theat Brea.

Met Johnson, The Hardware Man is away deer hunting.

Ex-Mayor Edrie S. Johnson is in the North Country deer hunting.

Village Inn dining room will be re-opened to the public on Sunday, Nov. 11th.

Department of Highways workmen are erecting snow fences along the Queen Elizabeth.

Clayt. Hahn and Gordon Metcalfe are chasing deer through the Northern bush.

Armistice Parade of Veterans—decoration of graves and memorial service in Romy theatre on Sunday.

Full term of the Ontario Supreme Court is in session in St. Catharines this week. Of 28 cases on the docket 24 of them are divorce actions.

No butter ration coupons fall due November 8th so that the schedule for the month is as follows: Coupon 128 was due Nov. 1st, coupon 129 comes due Nov. 15th, coupon 130 on Nov. 22nd, and coupon 131 on Nov. 29th.

Tom Frudhoms of Beamsville, has leased the Imperial Gas Station on Main street east and is now getting ready for opening this week. He will be pleased to supply your wants for gas, oil, greasing and lubrication.

A healthy increase in customs returns for the port of St. Catharines was recorded during October. The collections for the month were \$333,462.35, compared with \$300,800.01 for the corresponding month a year ago; and \$218,314.36 in September of this year.

The district superintendent of Royal Arch Masons, of Niagara district no. 7, Samuel Madger, of Smithville, paid his annual visit to Grimsby chapter No. 60, on Monday night. He was received by James Dunham, acting principal of the chapter, in the absence of the principal, Herbert Betmer, through illness.

If Byron A. Smith, local Division Court Clerk, keeps on he will be producing a fresh vegetable crop every month in the year. His latest agricultural exploit was the planting of radish seed on the 18th of September and harvesting a nice mess of them on November 3rd. Thanks for the tasty edible sent to Ye Rdr's table.

Building permits in St. Catharines for 1945 will near the million dollar mark. The report from the City Engineer's Dept. for October shows 31 permits issued for a value of \$33,966. The total value of permits for the ten month period is \$844,183. In October of last year the value of permits issued was \$73,575 and for the 10 month period \$588,528.

After a lot of grief and agony Chairman of Board of Works Howard Inglishart finally got the new town dump truck into operation on Monday. He has been practically six months in securing first the truck chassis and then the steel dump body in order to get the truck on the road. At the present time the truck is hauling crushed stone from Stoney Creek for road repair work on Murray street north.

## Study Methods Of Manufacturing

Toronto, Nov. 5.—Brewing companies, operating in Ontario, have formed the Ontario Brewers Association with Head Office in Toronto.

As in other industries, the brewing business recognizes the need for co-operative action in meeting post-war problems. Studies will be made of manufacturing methods, rehabilitation plans and other matters that affect the industry collectively.

The Directors are: John Ryan, Soo Falls Brewing Company Ltd., D. C. Betts, Canadian Breweries Ltd., Hugh A. Mackenzie, John Labatt Limited, J. C. Cushing, National Breweries Ltd., Montreal, W. P. Renaud, Blue Top Brewing Company Ltd., E. H. Bents, Lake of the Woods Brewing Company Ltd., F. S. Molson, Molson's Brewery Ltd., Montreal, Secretary-Treasurer, J. L. Percy.

## WITH THE- TRUNDLERS

FROM THE SIDELINES—Don't seem to be any way for the PEACH QUEEN'S to stop that MARY MORTON. She is still top dog in all three special prize classes. From looking at her scores it is going to take some fine and fancy bowling to dislodge her. . . . No use talking the gals are doing a lot of fine bowling all down the line. They are rolling some nice scores, both individually and as teams. . . . When girl teams roll a total three games of 2500 and better they are not to be sneezed at. Comparing local scores with scores of women bowlers in other parts of the country the local ladies do not have to take a back seat to any of them. . . . Games of 200 and better are getting to be a habit with local girls, and that is just not one here and there, but they are getting to be the habits with members on all the teams. . . . At long last REV. FRANCES MCAVOY is hitting his grand championship stride as exhibited on the lawn bowling greens. The switch over has been rather slow but last week he came to top form when he trundled three games well over the 200 mark. There is a vast difference in bowling on the green and hogging on the wooden alleys. The Reverend gentleman has also become an important cog in the Peach Queen's league, acting as scorer for the gals. Wouldn't be surprised if he crowded LITTLE WHEELER out of the rose garden picture. . . . After rolling a high game score of 2448 last week the PIRATES came right back on Monday night to hang up a 3234. CHARLIE NORMAN had a 791 and right behind him was LITTLE WHEELER with 708 and then CHARLIE CLATTENBERG with 635 and RALPH METCALFE with 604. Eight games well over 200. . . . EDDIE SIMMONS is still bowling real scores for the IRON DUKES. He had a 714 again Monday night. . . . And the GAS HOUSE gang keep rolling merrily along. Grabbed another four points from the IRON DUKES. . . . FONY EXPRESS was ambushed again. This time by the FIREMEN, and that after getting a trimming last week by the BOULEVARD. Hats off to the firemen, they are getting better all the time. They had seven games better than 200 on Monday night with REG. LAWSON at the top of the ladder with a 765 and a high game of 315. . . . Commencing tomorrow, Friday, Nov. 9th, THE BOWLAWAY will be open for bowling every day at two o'clock in the afternoon. . . . The late Bill Shakespeare, sitting in his favourite Pub, was once heard to remark, PIN TWISTERS—"Oh Great Was The Fall Thereof"—Bill knew what he was talking about for on Tuesday night the TWISTERS took a terrible tumble at the hands of the BLACK CATS and at that the CATS were not setting the alleys on fire. OLIVER SHAW didn't do too bad with 719 but after him 696 was the biggest score by any man on either outfit. . . . GAS HOUSE trimmed COUNTER HOPPERS 3-1. Looks like they are going to blow-up too, unless the SHELTON brothers come out of their trance and start bowling better than 153. . . . Don't forget THE BOWLAWAY is going to be open every afternoon at two o'clock from tomorrow until next May.

7.30—Hep Cats vs. Black Cats.  
9.00—Pin Twisters vs. Gas House.  
9.00—Pirates vs. Fony Express.

### Grimsby Defeated

The Grimsby seniors went down to defeat in Beamsville on Tuesday night. The game was played on a dry field in perfect football weather.

Jewson took the Beamsville kick on his own ten and ran it back to the forty where he fumbled upon being tackled. Riches recovered a reverse went for yards, then Grimsby was held for down. A quick pass was thrown from a kick formation by Graham to Jewson who went over for a touchdown. This was the only scoring play of the half. Both teams played hard but the half ended with Grimsby leading 5-0.

The first Beamsville score came half way through the 2nd quarter. Beamsville pushed the Grimsby boys to their own goal line. Nishikawara went over for the tally and it was converted by Rempel. Beamsville scored again when a long kick went behind the Grimsby line and Grimsby was roused.

In the latter half of the fourth quarter another Beamsville kick went over the Grimsby line. In an attempt to run it out Grimsby fumbled and Beamsville recovered for a touchdown. The convert went wide. The game ended without any further scoring.

Final score — Beamsville, 12; Grimsby, 5.

Hello, Homemakers! The need to conserve butter and vegetable fats in cooking has resulted in the more extensive use of fat which has been rendered and clarified at home. There are many sources of suitable animal fat—beef, pork, poultry and soup bones. The dripping from lamb, mutton and sausage is not generally recommended because of its characteristic flavour.

Salvaged fat can be used successfully for frying liver, fish, potatoes, onions or green tomatoes; and for greasing baking pans. It cannot be used indiscriminately in baking, but there are many recipes in which it can be substituted for butter or shortening—gingerbread, applesauce cake, spiced fruit cake, spiced drop cookies, pancakes and bran muffins. Rendered chicken fat may be used in cream sauces, biscuit toppings, casseroles and meat pie.

Patty pieces of raw meat should be rendered in a double boiler.

To clarify fat: (1) A surprising amount of the meat flavour can be removed by slicing a potato into the fat and heating until the potato is browned. Then strain fat and store in a covered container. (2) Fat may be more thoroughly clarified by the following method: Measure it into a preserving kettle and add 2 cups of water for each cup of fat. Boil the mixture for one hour, remove from electric element strain and cool. When cold, lift the cake of fat from the top. Scrape off any sediment that may have collected on the bottom of the fat, then reheat either in a double boiler or a low oven until any excess water has evaporated. Store in a cool, dry place.

In straining fat, we substitute a paper napkin in a sieve for the usual cheesecloth—no greasy cloth to wash.

Dripping from spiced meats such as flavoured sausages should be separated from dripping yielded by mild-flavoured meats. This may be used in stuffings and dumplings for variety.

When fat becomes dark and strongly flavoured after it has been used many times for frying, it is no longer good to cook with; neither is it suitable for soap-making.

**ECONOMICAL GINGERBREAD**  
½ cup baking fat, 1 egg, ¾ cup sifted flour, ¼ tsp. salt, 1 tsp. cinnamon, 2 tbsps. sugar, 1 cup black molasses, 1 tsp. soda, 1 tsp. ginger, 1 cup boiling water.

Cream shortening, add sugar, and cream well. Blend in beaten egg and molasses. Sift flour, soda, salt and spices together—and add to creamed mixture alternately with boiling water. Pour into a well-greased and floured nine-inch ring mould. Bake about 45 mins. in moderate electric oven (325 degs.). Fill gingerbread ring with applesauce and serve hot.

**POTATO CAKES**  
5 potatoes (cooked), ½ tsp. salt, 6 tbsps. grated cheese, 1 tbsp. milk, 2 tbsps. melted fat, 3 tbsps. flour, 1 tsp. baking powder.

Mash potatoes, add milk, cheese and sifted dry ingredients. Roll ½-inch thick on floured board, cut or pat into small cakes and bake in hot oven 15 mins.

**PUMPKIN CUSTARD**  
3 tbsps. brown sugar, ¼ tsp. corn starch, ¼ tsp. cinnamon, 2 eggs (slightly beaten), 1½ cup scalded milk, ¼ cup cooked pumpkin.

Mix all ingredients together and put in greased mould. Bake in pan of hot water in electric oven (325 degs.) 50 mins.

**THE SUGGESTION BOX**  
Miss G. G. suggests:

Recipe for home-made soap:  
1 cup fat, ¼ cup water, 2½ tbsps. concentrated lye, 1 tsp. household ammonia, 1 tsp. borax.

To remove salt—melt the dripping, partially cool and then add one quart of water. Let melted fat and water stand until the fat becomes firm and the salt settles. Then separate the hardened fat from the water. Melt fat again, and stir into a bowl containing the lye which has been dissolved in ¼ cup water. To this mixture add the ammonia and borax. When the soap becomes thick as cream, pour it into a cardboard box lined with greased paper. Let the soap ripen for at least a month before using. To give the soap a pleasant fragrance, add a little oil of cedar or oil of lavender to the melted fat.

Answer: We appreciate your recipe using only 1 cup fat. We would like to add a few notes of warning for those inexperienced in handling fat and lye.

1. Melt fat in double boiler.  
2. Use a long-handled dipper to pour water into partially cooled fat. It will spatter—so please be careful.

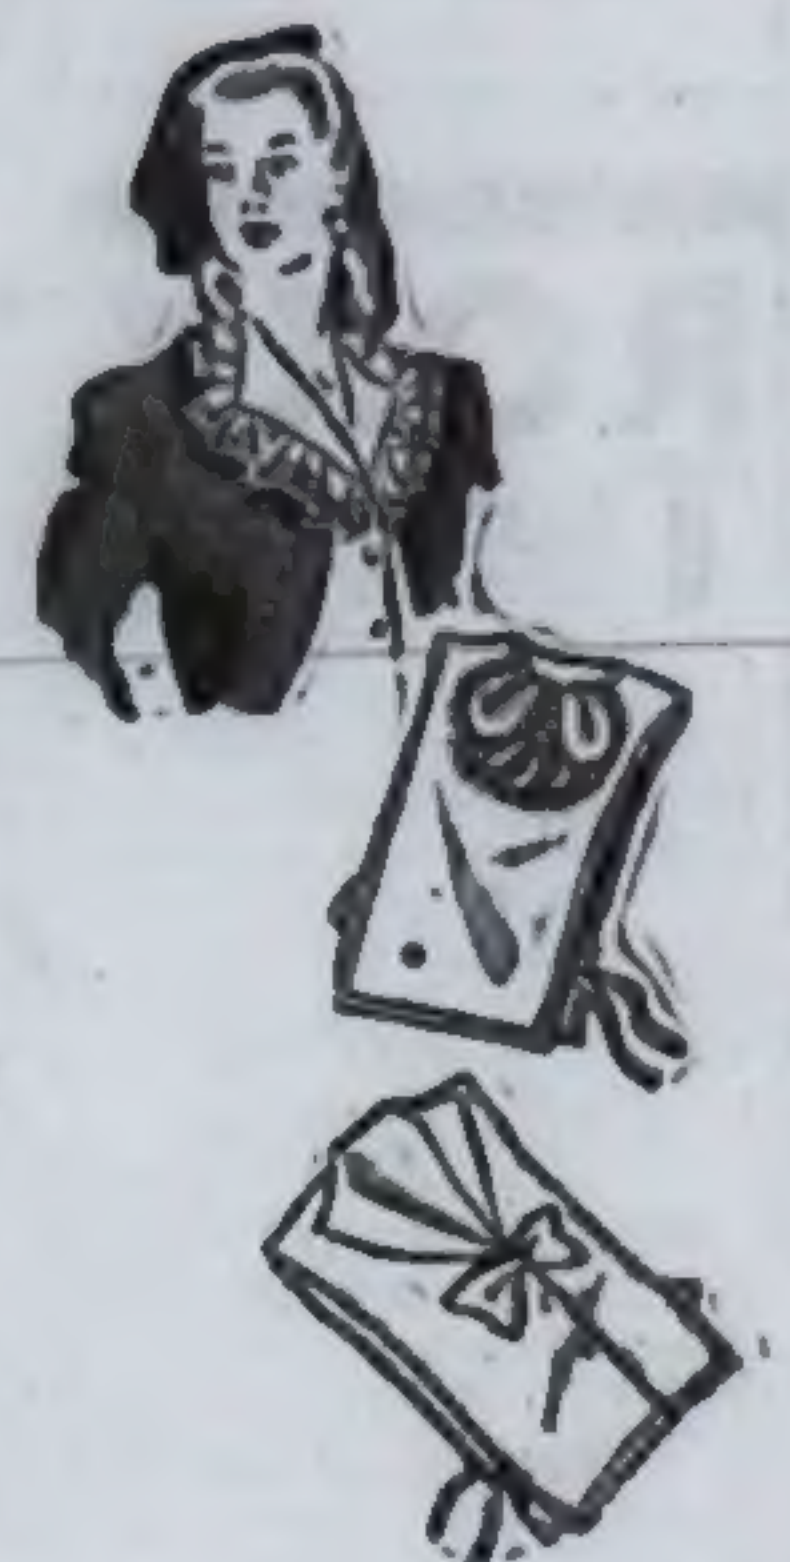

3. Put lye into an old enamel pan and use an old kitchen spoon to measure. Remember, lye may burn.

## Police Activities

(St. Catharines Standard)

Harry Butler of the Ontario Provincial Police who was senior officer of the St. Catharines detachment with the rank of corporal from mid-August until October 15 has been appointed assistant chief inspector of the Ontario Liquor Authority Control Board. It was announced at Queen's Park, Toronto, on Friday.

Butler has been a member of the provincial police for about 20 years and was appointed to St. Catharines detachment following the promotion of Cpl. C. W. Wood to the rank of inspector in the Criminal Investigation Department of the Ontario Provincial Police.

A successor to Cpl. Butler in St. Catharines has not been named as yet, Inspector C. F. Alvey of Niagara Falls, said. For the present Constable W. J. McBride is in charge of the detachment.

Butler's appointment was effective November 1, a spokesman for the board stated. The board administers beer and wine licenses for hotels and clubs, under the chairmanship of Judge Robb.

**Prize Winners  
On Hallowe'en**

Over 300 children and adults, in costume, took part in the annual Hallowe'en parade last Wednesday night.

Headed by the Grimsby High School Cadet Bugle band, the parade marched to the arena, where judging of costumes, etc., took place, and prizes awarded.

Judges were: Rev. E. A. Brooks, L. A. Bromley, Mrs. George Marr, Norman Harris, Miss Gladys Harris and Alden Hasty and Owen Patterson.

Following were prize-winners: Gwendolyn Hand, Tommy Tausky, John Hand, Paul Dick, Raymond McIntyre, Carson McIntyre, Eddie Friesen, Donna Marsh, Betsy Baxter, Ruth McIntyre, Mike Sweet, Jack McDougall, Ronald Robertson, Barbara Pope, Bruce Thompson, Merritt Anderson, Irene Skillery, Mrs. Douglas Scott, Donald Rooker, Bobby-Lou Bourne, Kay James, John Lyne, Mrs. Francis Robertson, Mrs. John Lewis, Ruth St. John, Sheila Robinson, Donna Thompson, Duncan Green, Patricia Scott, Alice Robinson, Carl Gilroy, Beverly Hand, Betty Farrow, Russell Gilroy, Gail McCausland, Sandra Lewis, Judy Ann Headlip, Irene Martyniuk, Olga Tuck, Ann Terry, Charles Wilkins, Jenny Kilmanasky, Sonia Sowchuk, Jerry Blaine, Keith Lyne, Bett Kuma, Arthur Henley, Alan Bentley, Mary Lou Marlow and Joan Harrison. Special prizes were awarded Mrs. Ethel Gaymer, Mrs. Doris Higgins, Kenneth Higgins and Grete Gaymer. The sweepstakes prize for the most outstanding entry in the parade was won by Ronald Wicheruk.

**Salvage Will Be  
Collected Nov 10**

Canadian Legion Members  
Will Henceforth Handle  
Salvage In The District —  
Gets Your Ready.

West Lincoln Branch 127, Canadian Legion has taken over the duties of collecting salvage in Grimsby and North Grimsby, too. Warner is the chairman in charge of the committee that will handle the work.

Salvage will be collected for the first time in the town and township on Saturday, November 10th. Legion members will supply several trucks and the necessary help to do the job in a fast and efficient manner.

Place all your old newspapers, magazines, bottle and broken glass old rags, etc. out at the curb or roadside on Saturday the 10th and the truck will pick it up and take it away.

A storage house has been secured by the Legion on the farm of Avey Lipsett, Nelles Road and here the salvage will be sorted, packed and shipped.

Own In London**

(St. Catharines Standard)

Major Eileen Dixon, who is in charge of Canada House in London had a chat about home recently with Hon. Charles Daley, Minister of Labor. Hon. Mr. Daley was a guest at a reception tendered to Maj. General Weeks, 21st Can. Military Headquarters at which Maj. Dixon was also a guest. Maj. Dixon, daughter of Mr. and Mrs. Robert Dixon, has written that she thoroughly enjoyed the talk about St. Catharines with the Labor Minister.

**Grimsby Red Cross**

RED CROSS GARMENTS BRING  
COMFORT AND WARMTH TO  
FRANCE

"From overseas your packs and garments have come to our sacred and ruined countryside," writes the Countess de Kergorlay of the French Red Cross. "On behalf of our people who received the Canadian Red Cross packs I express our grateful and heartfelt thanks. It was generous of you to work in a country so far removed from ours, for unknown mothers and little babies. One can hardly imagine a part of the world that hasn't experienced the close and immediate grip of battle and the consequences of a long enemy occupation, to what a degree of need and for some of us, misery, we have come down to. In our part of Normandy, close to the much spoken of town of Saint Lo, we bore during seven weeks the brunt of the terrors of battle that was raging there. What horrors and suffering we witnessed then. The townsfolk were turned out of their homes the very first day after invasion day; the town was utterly destroyed by your bombers; so the houses crumbled down and burnt with all that was inside. So quickly was the work done that some people only had on a night dress. I, myself, gave one of my chemises and underwear to the lady president of our local Red Cross Committee. She was nursing the wounded in the hospital and when she came out her house had gone. I could go on endlessly telling you about the little boy who came to us one day in a wheelbarrow with his brothers wheeling it; six of the twelve children had been killed on the spot with the father, and this poor child was wounded. A German tank ran straight into our poor refugees eating soup in front of the village cottages. I will not weary you with these sad stories any longer. You have heard enough to feel how very necessary your kind help was and to understand that we deeply appreciate it. We can't get any goods from our own country. We are unable to buy anything in the stores—we have no clothes, shoes, and little food. You have helped us clothe our dear babies, and brought a smile to the lips of a few anxious and weary expectant mothers. For your generosity, your self-denial and charitable thought, in the name of all Red Cross workers in my department, of all recipients of your gifts I, the mother of seven children thank you from the bottom of my heart."

An old-timer is the one who can recall when there was a free lunch counter in connection with the bar. When the wolf appears at the door nowadays he has come to take daughter out for the evening.

**CONTINUATIONS  
From Page One**

**MUNICIPAL OFFICIALS**

the assault upon the lake banks. One of these storms washes out great quantities of earth and shale at the water level and then the top portion of the bank topples into the lake.

This erosion has been getting worse from year to year until now the time has arrived when prompt action must be taken by Federal, Provincial and municipal officials, as well as land owners, or the costs of the damage to all parties concerned will be absolutely prohibitive.

There is no doubt but what North Grimsby township and Grimsby town will have to spend money right away if the present shore line is to be saved. If the municipal officials are unsuccessful in their efforts to induce the governments to build groynes or special type piers to protect the land, then the municipalities and the land owners will have to do so.

Grimsby is particularly in a bad spot with the waterworks pump house. Recently some work of a protective nature has been done at this point, but it is only of a temporary nature and will not be sufficient to protect the intake pier and pump house for any lengthy period of time. In fact all that has really saved the pump house from being badly damaged, if not washed completely away during the past three years, is the steel piling that ex-Mayor Hewson had erected some years ago in order to build a small park at the pump house. This piling has proved to be the one feature that has saved the pump house and plant, although at the time it was put in, it was not with any particular idea of being for protective measures from lake erosion.

The Independent understands that Reeve Durham and Councillor Mitchell of North Grimsby have been making contact with Engin-

**Acreege Increase  
For County Town**

(St. Catharines Standard)

With the taking over of another section of Glen Ridge at the first of next year, St. Catharines will increase in size to the extent of 162 acres. Assessor Martin Laird stated this morning that the new district is being assessed now, preparatory to being placed on the tax roll of the city.

The acreage of St. Catharines has practically remained the same since the Garden City was first laid out as a town. At the time it comprised 2,400 acres.

The city has shown remarkable growth since it was first incorporated as a municipality in 1824 with a population of 300 persons. Today the population stands at 25,219 with every indication that it will continue to grow in the future. An increase of 8,376 in population is shown from the figures on file in Mr. Laird's office, within the last ten years. This increase from 24,843 in 1935 probably may be traced to St. Catharines increasing importance as an industrial centre during the war years when there was a steady influx of workers to war plants. The population figures for last year were 24,844, an increase of 566 being shown this year.

We wonder what people fussed about before there was bridge?

Mr. Wood with a view to having him make a survey of the lake line in the township with a view to getting contractors figures on the cost of building whatever special piers or groynes are necessary. It is hoped that this survey will be made immediately and that these piers can be constructed next spring and summer at the latest.

The construction of a special type pier every 500 feet along the lake front will not be such an expensive proposition if the governments and the municipalities along with the interested land owners

TEA**

all pay their share. These piers can be built for from \$10 to \$15 a lineal foot and each pier is capable of providing protection for 500 or more feet of shore line.

As the situation now stands it would be a smart man who could even make a conservative estimate of the amount of loss that land owners and the municipalities have sustained in the past 40 years. The owner from the loss of his property and the municipality from the loss of taxation.

This is a problem that has to be dealt with immediately no matter what the cost is. There is one thing certain that the cost of the number of piers necessary in Grimsby and North Grimsby will be small compared to the amount of damage that will accrue within the next 10 years if the piers are not constructed.
